What is ISE?

The ISE provides analysts, operators and investigators with integrated and synthesized terrorism, weapons of mass destruction and homeland security information needed to enhance national security and help keep our people safe. These analysts, operators and investigators come from a variety of communities – law enforcement, public safety, homeland security, intelligence, defense, and foreign affairs – and may work for federal, state, local, tribal, or territorial governments. They also have mission needs to collaborate and share information with each other and with private sector partners and our foreign
